According to the revised syllabuses for higher elementary schools, pre-vocational work is a compulsory subject for these schools. In 1939-40 the Director of Public Instruction brought forward a scheme for the payment of grants to local bodies and private agencies towards the cost of introducing pre-vocational training in their schools. In view of the large expenditure involved he proposed to spread it over two or three years.

The rates of grants are as follows:—

	Recurring (for a year).		Non-recurring.
	For a full-time teacher.	For a part-time teacher.	
	RS.	RS.	RS.
Schools under local bodies	120	50	60
Schools under private agencies	168	100	60

The provision made in the Budget Estimates for 1940-41 and 1941-42 for the payment of these grants was as follows:—

	Schools under local bodies.		Schools under private management.	
	Instructors.	Equipment.	Instructors.	Equipment.
	RS.	RS.	RS.	RS.
1940-41	34,000	40,000	77,000	60,000
1941-42	26,000*	24,000	36,050*	21,000

The Director suggests that provision may be made in the next year's budget—

- (i) for the payment of grants for the introduction of pre-vocational training in 200 schools under local bodies (grants will be paid both for the salaries of instructors and for the purchase of equipment);

* This is exclusive of the amount provided for continuance of grants to schools admitted to aid in 1940-41.
